SECRETARY'S NOTE.

SUBJECT. Abolition of the Branch Dispensaries in the Bangalore City.

REFERENCE. Memo No.3492 dated the 9th May 1904 from the Private Secretary to H.H.the Maharaja calling for an early report as to how the matter stands.

The facts of the case are as follows:-

Flag A in file 51G of 1902.

In the year 1902 the Municipal Commissioners for the Bangalore City appointed a Sub-Committee to scrutinize their expenditure and suggest modifications, if necessary, in the Budget for 1902-03. As the result of their scrutiny, the sub-committee recommended, among other things, the abolition of the Dispensaries of Chamarajendrapet, Taluk Cutcherry and Nagarthapet. The Commissioners approved of the suggestion and submitted the Budget to Government framed in accordance therewith. The Senior Surgeon (Col Benson) was however, for abolishing the Dispensary at Kalaspalya in place of Nagarthpet. Government concurring in his opinion, orders were passed, omitting the usual provision for the said three Dispensaries (Vide para 20 of the Budget Order passed by Council and His Highness).

Flag A in file No.51G-02.

2. In modification of Col: Benson's recommendation, Col: Smyth recommended, after consultation with the Board, that the Dispensary at Nagarthpet might be done away with, the one at Taluk Cutcherry being retained instead. The then 2nd Councillor saw that good reasons had been assigned in support of the proposal and the Dewan agreeing with him, the proposal was sanctioned.

Letter No.G450 dated 8th June 1903.
Flag A in file 51G-02.

The

The 3 Dispensaries that were thus done away with were those at Nagarthpet, Kalaspalya and Chamarajendrapet.

3. The Dispensaries having thus been abolished, question arose as to whether the Hospital Assistants in charge thereof who were also the Registrars of births and deaths should continue to be as such. The Board strong -ly advocated the desirability of having medical men as Registrars. Col: Smyth agreed with the Board and recommended further that such Registrars might each of them be put in charge of a small dispensary at the same time. Before deciding the question, it was consi -dered necessary to ascertain the practice prevailing in Bombay. But before a reply could be received from the Resident, Col.Smyth (Offg: Senior Surgeon) recom -mended at the instance of the Board that at least two registration offices with small dispensaries might be opended for the City in addition to the then exist- ing 4 offices. This was sanctioned as a temporary mea -sure from Plague Funds till the end of March last.

Flag C & D in file No.L.F. 25-03.

Vide para 30 of the Office note on the top of file No.51G-02.

Flags B & C in the file-plague branch file marked B.

4. In August 1903, Col.Smyth (Offg: Senior Surgeon) stated that he was in communication with the President on the question of re-opening the dispensaries lately abolished, that Registration by men possessing no knowledge of medicine would be very unsatisfactory and that Hospital Assistants as Registrars might as well have Dispensaries to look after at the same time. He further considered a Dispensary at Chamarajendrapet a necessity on the ground of its distance from the Victo- ria Hospital and recommended its re-opening.

Flag D in file L.F.25-03.

Flag F in Do.

5. In view of the views of Col.Smyth and the Board and also of the protests from the residents of the different parts of the City against the closing of the Branch Dis -pensaries, the Councillor advised that the abolished

Dispensaries

Vide para 39 of the office note on the top of file No.L.F.51G-1902.

dispensaries might be resuscitated, the Hospital Assistants in charge being the Registrars of births and deaths as well, so as to restore the statu quo ante, if the Senior Surgeon and the Board were agreed. The Dewan agreed to the proposal and an order was issued setting forth the facts of the case fully and explaining the views of the Government in favour of opening all the Dispensaries, and calling for the Senior Surgeon's opinion in regard to the redistribution of the several branch Dispensaries so as to serve the needs of all parts of the City equally. The Board having originally declined to have a Dispensary at Chamarajendrapet on the ground of low finance, they were also requested to reconsider their decision regard being had to Col.Smyth's views.

Flag E in file L.F.25-03.

Flag E in file 25-03.

6. The Senior Surgeon (Col.Benson) has, in offering his opinion, recommended the abolition of even the two existing Dispensaries of Arlepet and Taluk Cutcherry, and the establishment of a new Dispensary at Dodmavalli. In his opinion, this new Dispensary and the two others one in each Extension, would serve the needs of the people. The Board on the other hand are agreeable to the opening of a Dispensary at Chamarajpet provided the cost is borne by the State.

Flag M.

Flag N.

7. The Councillor has, however, advised a full consideration of the question that there should be Dispensaries at Nagarthpet, Chamarajpet, Taluk Cutchery and Arlepet. As regards the new Dispensary proposed to be opened at Dodmavalli, the Councillor has desired a reference to the Board and Col.Smyth: and replies to the reference made in accordance therewith are awaited.

21/5/04

63 The Petition addressed to His Highness by the residents of Arlefe & and referred to in para 4 d. (7) supra has been transferred to this Secretariat for "early report as to how the matter stands"

+ No 3492 S dy 16th May 1904 (Papers under Disposal 3.1.)

64 A separate note giving the facts of the case is submitted.

Dy 19/5/04
215

21/5/04

65 Since writing the above, Col Smyth and the Board have submitted their views in regard to the need or otherwise of a Dispensary at Doddaballi

Letters Nos. 562 & 274 dy 19th & 21st May 1904 respectively (Papers under Disposal 2 & 3.)

66 Both Col Smyth and the Board are of opinion that there is no need for a Dispensary at Doddaballi.

67 In giving his opinion as

Mes No 502 S
19th May 1904

above. Col Smyth has also given his opinion on Col Benson's suggestions. He differs entirely from Col Benson and considers that the Victoria Hospital is not the place for administering medical aid in cases of petty illness. For this reason and also in view of a possible recurrence of plague, he hopes that the abolition of the Branch Dispensaries in the City will not be thought of ~~for~~ by Govern-ment for the present at any rate and recommends the permanent re-tention of the Dispensaries at Arthepet, Pulikat Cutchery, Bavanapudi and Thallesvaram.

Submitted for orders with reference to the Secretary's note ~~(illegible)~~ of 19th instant recorded in para 62 supra.

WJ 24/5/04 WB 25/5/04

5

In connection with the Board of the Present Senior Surgeon you may lay an order that the establishment of a Dispensary at Godmavalli is not a pressing necessity & cannot be sanctioned. The continuance of the other 4 Dispensaries is desirable for reasons stated in my note of the 5th May last.

The Dispensaries at Kullaway and Kaumegardi are very much essential. There is a strong opposition from the people against the closing of Arkeparte by Sabah Cutchery Dispensaries. Similarly there is a strong representation to reopen Chumrajpet and Nagenthalli Dispensaries. The Surgeon is in favour of opening the former but regards Nagenthalli, at present, attended by a poor Serang and 2½ furlongs from the Sabah Cutchery Dispensary. He would recommend the reduction in the no. of Hospital Coolies Registered from seven to five. I recommend

Serial No.

In the list of Hospital Apts sanctioned for the State, there is provision for the 6 men required for the 6 places mentioned above. These men are also Registrars of Births and Deaths in their respective localities, & their selection in the latter capacity in spite of the abolition of the Dispensaries concerned, has been more than once strongly urged by the Board. It may be that Mayanthpett is not at present ready off or the other localities in question, but all the same, I think its inhabitants will have a reasonable grievance if they are now deprived of the ready medical aid which they have

1. *Subject--(Clause VIII of the Schedule.)*

The re-opening of certain dispensaries and the retention of others in the City of Bangalore.

Opinions of the Dewan and Councillors.

The Dispensary formerly at Nagarthapet need not be re opened and that at Chamarajpet may be re-opened.

The other dispensaries, viz. those in the Taluk Cutcherry, Arlepet, Basavangudi and Malleswara, may continue to be maintained.

(Signed) P. N. Krishna Murti
Dewan of Mysore.

Secretary

Dww 13/8/1904

Submitted to His Highness.

P

The abolition in 1903 of the Dispensaries at Chamrajpet, Kalasapalya and Nagarthpet, has been found to be a mistake. The Hospital Assistants in charge of them were also doing the work of Registrars of births and deaths, and they had to be retained for the purpose. Col. Smyth is strongly in favor of reopening the abolished Dispensaries both on account of plague and as the Victoria Hospital should not be over-burdened with petty cases of illness. There have been also petitions from the inhabitants asking for the continuance of the Dispensaries. In these circumstances, those at Basavangudi, Malleswaram, Taluk Cutcherry and Arlepete, may be continued and the Chamarajpet Dispensary reopened. There is no need for one at Nagarthpet, the Taluk Cutcherry Dispensary being at a distance of only 2½ furlongs from there. Malleswaram and Basavangudi Dispensaries will be maintained from State funds and Chamarajpet Dispensary from Municipal funds, while the cost of Arlepet will as now be apportioned between Municipal and District

(Paper under Despatch 2.)

15

funds. The cost of the menial establishment and country medicines of the Taluk Cutcherry Dispensary will be met entirely from the Municipal funds.

No G490
Dated 4th April 1904

Sir,

I have the honor to acknowledge the receipt of your No. 2276-77 dated 12th Dec/03 and subsequent reminders and to apologise for the delay in replying thereto, but circumstances over which I had no control prevented me from doing so. At a meeting of the Municipal Commissioners about a year ago, I gave it as my opinion that there were too many dispensaries in the city and after due deliberation and consultation with the Vice President and Dr. T.V. Arnugam Mudaliar, Resident Medical Officer of the Victoria Hospital who is well acquainted with the needs of the town, I still adhere to my then expressed opinion. There are two large Hospitals in the town viz. The Victoria Hospital & St Marthas which are in my opinion quite capable of administering to the Medical wants of the city proper, so that the dispensaries in Arlepet, Taluk Cutcherry Road and Nagarathpet may without

without causing any inconvenience be abolished as also the one in Chamarajpet as it is situated at no great distance from the Victoria Hospital, and the majority of people residing there are well to do and can afford a conveyance.

I am inclined to think that a Dispensary at Doddanavally is necessary, and one is also necessary at Basavangudi and Malleswaram but the cost of these two would be met from Provincial Funds. It will however be necessary, if these dispensaries are abolished to increase the out-patient staff at the Victoria Hospital by the addition of another Hospital Assistant, whose duty it will be to attend to such patients as only require their medicines to be repeated. The Resident Medical Officer at the Victoria Hospital who attends the out-patients tells me that the No. of patients who attend daily from the Barr Sepoy Regiment is about 30 daily, and that if an Hospital Assistant were posted to the Regiment solely for duty with them, it would materially reduce the work in that hospital. It is absurd in a place like Bangalore city covering so small an area that there should be so many Municipal Dispensaries and it would in my opinion be a great mistake to yield to the solicitations of the people in this matter. As the Municipality are badly in want of funds this source of expenditure might I think well be spared them

I have the honor to be,
Sir,
Your most obedient servant

Lt.Col. I.M.S.
Senior Surgeon and Sanitary Commissioner
Mysore Government.

May it please your Highness,

We, the undersigned inhabitants of Cotton pet, Chick pet, Balepet, Akkipet, Sulthan pet, and other surrounding localities beg humbly to approach your Highness with these few lines.

We beg to represent that on our humble representation made in about the year 1891, His Highness the Late lamented Sri Chama Raja Wadayar Bahadur, your Highness most revered father, our beloved Sovereign was pleased to direct the opening of a Local Fund Dispensary in a central part of this locality viz at Balepet, which has since then been in existence.

This Dispensary is very largely resorted to not only by ourselves but also by those from the

in 1891 and the Statistics of patients benifited by it before ordering the closing of such a Charatable in-
-stitution.

It is needless for us to say that we your Highness most obidient subjects will Consider it a great boon if the present Dispensary at Arkeypeth is permanently permitted to remain where it is with-
-out being removed or abolished and humbly beg that this our prayer may be taken into your Highness gracious Consideration.

For which act of Kindness we will ever pray for your Highness long life and prosperity

We beg to remain your Highness most

Obidient & humble Servants

Signed by about 500 residents of Arkeypeth

Copy Submitted to the L. Anantasawmy Aya Esqr: D. A. General Secraty Government of Mysore

Rect / To Govt of Mysore / 11/4/1904

The Government of ~~His~~ Highness the Maharaja
of Mysore.

2334 In re the memorial of the residents of Araleipet Bangalore City, praying for the non-removal of the Araleipet Dispensary.

Mysore Government
General and Revenue Secretariat
Petition Department
Reg'd No 2334R
Date 11-4-1904

May it please Your Highness' Government,

In connection with the memorial above referred to, I ~~have~~ crave leave most humbly & respectfully to submit the following facts:—

1. The memorial itself has been framed by Mr. Rajagopal Modeliar, Hosp. Asst., in charge of the Araleipet Dispensary, as he is the only person who really suffers from the removal. It is common knowledge in the city that Mr. Rajagopal Modeliar hardly attends to his hospital work, & that he is engaged during the greater part of the day in visiting his clients for fees, besides obtaining a commission of 30% upon prescriptions sent by him to Messrs. Captain & Co., chemists.

2. The signatures to the memorial referred to, have all been obtained by Mr. R. Modeliar or his agents, who have been systematically going round the houses in order to obtain the same.

3. The signatures of the more important among the signatories signify nothing, as they are all the constituents of Mr. R. Modeliar, & none of them are interested in the maintenance of the Dispensary, as they never think of going there to obtain medicines. Let Mr. R. Modeliar or the signatories deny these facts if they dare.

I beg to remain, Your Highness' Govt's
most obedient & humble subject
K. Narain Rao, B.A., Araleipet.

Most Respected Sir,

We the citizens of Bangalore Chickpetta, Dodpetta, Konategarapetta and Nagarathapet most humbly beg of your honours Kind consideration with a hope that our prayers will meet with Success.

We hear that the Taluk Cutchery Dispensary will be closed and that the patients will be treated in the Victoria Hospital. Ever since this hospital was established almost all the patie of the above pettas used to take medicine here only as it is near and also in the centre of the town

But if this were to be closed it will be of great inconve-nience for us and therefore we most humbly and respectfully beg of your generous honour that

this Hospital might be retained here permanently.

For which act of kindness, we pray for your long life and prosperity

We remain,
Most respected Sir,
Your honour's most obedient and humble Servants,

Bangalore.

Respected Sir,

We the residents of Nagarth pett, Ulsoor pett, Thigalar pett &c beg leave to represent our grieviences with hope of getting redress at your merciful hands.

your honor is aware that there was a dispensary at Nagarth pett which was very useful to us and was abolished on the 1st april, this was useful for Municipal Divisions IV and V.

Municipal Divisons No 2 and 3 have each a dispensary (ie) located at old Taluk Cutcherry & Cotton pett.

So, we pray that we may be favoured with a dispensary also or one of them may be shifted here, so that there may be one dispensary for two divisons at least (ie), one for IV and V and another for two and three.

We fined it very inconvenient to go all the way to Victoria Hospital and Taluq Cutcherry.

We pray that your honor may kindly grant our request.

We beg remain

Sir

Your most Obedient Servants.

Petition Department
Reg'd No. 23908
Date 13-5-1907

His Highness Sriman Maharaja Krishnarajendra Oodyar Bahadur,
Maharaja of Mysore.

The humble memorial of the undermenticned residents of Baleypetta, Akkipetta, Arleypetta and Kottige of the City of Bangalore most respectfully showeth

That Your Highness' memorialists are given to understand that a recommendation is made by the Medical Department for the abolition of the Arleypetta Dispensary on the ground of its nearness to the Victoria Hospital, and they most respectfully and humbly submit that the proposed measure is in many ways undesirable and highly detrimental to the welfare of the residents of a large portion of Bangalore City.

2. That in the first place the Victoria Hospital is not at all near to the locality the ordinary medical needs of which are at present supplied by the Arleypetta Dispensary and on the contrary is at least at half an hour's walk on the average from the places in which Your Highness' memorialists reside and such of the inhabitants in this area as do not command any conveyance find it a great loss of time and energy to walk to and from the Victoria Hospital especially in the condition in which the medical assistance is generally required.

3. That the Areleypetta Dispensary is very conveniently situated for the people of the Pettas abovementioned and for ordinary ailments they have been long accustomed to receive prompt attention and relief; and the presence of a medical officer almost always at the said Dispensary has been of incalculable assistance and encouragement to Your Highness' memorialists in times of difficulty, and especially

so in these days when sudden illness is unfortunately too common and needs immediate care and attention. It is impossible for the medical officers at the Victoria Hospital to leave the Hospital and come away a long distance to see patients at their houses and return to their duties at the Hospital, nor are they easily accessible for advice in urgent cases.

4. That the Victoria Hospital is already too largely attended by out-patients (some 300 a day) that sometimes it is found necessary to wait for hours together for any small traatment; and if the work of the Arleypet and other Dispensaries is thrown upon it it may inconveniently increase the work there.

5. That a handy small Dispensary at a convenient distance is much more advantageous for poor men for ordinary and not very serious complaints than a big institution like the Victoria Hospital whose usefulness in cases of importance and severity need not be impaired by multiplying the work of petty sort. And during themany years of its existence the Araleypett Dispensary is regularly attended by 70 or 80 patients a day and has fully justified its existence and there is no special reason requiring its removal.

For these reasons Your Highness' memorialists humbly and earnestly pray that Your Highness will be graciously pleased to direct that the Dispensary in question be not removed or abolished.

His Highness

Sri Krishnaraja Wodiyar Bahadur,

Maharaja of Mysore.

May it please Your Highness,

We, the undersigned inhabitants of Cotton Pet, Chick Pet, Balle Pet, Akki Pet, Sultan Pet, and other surrounding localities beg humbly to approach your Highness with these few lines.

We beg to represent that on our humble represent tion made in about the year 1891, His Highness the Late lamented Sri Chama Rajendra Wodiyar Bahadur, your Highness' most revered father, our beloved Soveriegn, was pleased to direct the opening of a Local Fund Dispensary in a central part of this locality viz. at Arley Pet, which has been since then in existence.

This Dispensary is very largely resorted to not only by ourselves but also by those from the surrounding villages and the Mill and Railway employees with the resul that no less than 80 out-patients are, on an average, treated every day.

Besides being helped by dispensation of medicine the Hospital Assistants in charge attend to our calls, at our houses either while on their rounds or otherwise, and help us with their advise and co-operate with us to a large extent as itinerant medical attendants. Before plague broke out there was an itinerant medical Officer which post was abolished long ago.

After the plague broke out a Dispensary was

opened

opened out in each division that is three Dispensaries for four divisions of old city, besides four for Kalasapalya Basavagudi, Mallesvara and Chamaraj Pet. Now all the three viz Arle Pet, Taluq Cutcherry and Nagarth Pet Dispensaries are proposed to be abolished to open one at Mavally.

Kalasapalya and Mavally (combined) division Dispensary was abolished only last year along with Chamaraj Pet and Basavanagudi opened instead.

We now hear that it is under contemplation to do away with this Dispensary on the ground of the close proximity of the Victoria Hospital.

We beg most humbly to submit to your Highness that the Victoria Hospital is more than a mile off and to people living at a distance it is even two miles, and poor as we are, we cannot afford to wait at the Victoria Hospital for all our ailments and attend at the prescribed time.

In cases of plague and other illnesses of a serious or dangerous nature requiring immediate attention it is not possible for us to approach the Victoria Hospital which is open only for a few hours in the morning.

The Dispensary at Arley Pet is on the other hand opened always except a few hours in the noons, and as such medical aid is always available to us.

We further beg to submit that the eastern portion of the City has more than one Hospital viz. the Maternity St.Martha's Hospital, the Eye Infirmary and the Nagarath Pet Dispensary and so on, while the Arley Pet Dispensary is the only one which is available for the western portion of the City.

We are given to understand that owing to the large

large number of patients resorting to the Victoria Hospital it is very inconvenient and requires one whole morning to get to it for any medicines we may require.

We beg to add that we are all very poor people living in this remote part of the City who cannot afford to command convenience or servants always.

We therefore humbly and respectfully entreat Your Highness to send for all the records connected with the opening of this Dispensary in 1891, and the statistics of patients benifitted by it before ordering the closing of such a charitable Institution, commemorating the name of Your Highness' revered father.

It is needless for us to say that we, your Highness' most obedient subjects, will consider it a great boon if the present Dispensary at Arley Pet, is permanently permitted to remain where it is without being removed or abolished and humbly beg that this our prayer may be taken into your Highness' gracious consideration.

For which act of kindness, we will ever pray for your Highness' long life and prosperity.

We beg to remain Your Highness'
most obedient and humble servants,

Sir,

With reference to Government Proceedings and Order thereon No. 4264-5/L.R.51 G-02 dated 9th May 1904, I have the honor to say in regard to the closing of certain dispensaries in Bangalore City, and after a careful consideration of this matter that I differ from Col. Benson in his opinion expressed in his No. G 490 dated 4th April 04

2. I think dispensaries as follows are very necessary Viz:-

i. Arlepet.
ii. Taluk Cutchery.
iii. Malleswaram
iv. Basavangudi.

3. I think Col. Benson over-rates the capabilities of the out patient department in the Victoria Hospital.

4. It has to be borne in mind that the out patient depart-ment of the Victoria Hospital does not serve only the City of Bangalore. It serves the State of Mysore and British Territory

L 56 Secretary

for miles beyond. It is not an out patient department where patients are treated by the exchange of a word or two, and the scribbling of a prescription. Large numbers of the patient come there because their troubles are beyond the resource of Dis-pensaries and much time has frequently to be spent in consult-ation over obscure cases. Under these circumstances therefore I would consider it a great mistake to considerably increase the numbers of out patients at the Victoria Hospital, and this would be the inevitable result of closing the City dispensaries. It will be a bad day for the Victoria Hospital where its out patient rooms are so over-crowded with cases of petty illness, that tho-roughness can no longer be possible, and serious cases can no longer be studied and examined with that care which is so neces-sary for a proper diagnosis and the establishment of a rational treatment.

5. The dispensaries I have recommended for continued existence serve a very useful purpose in that they are readily available for the large artisan class in the early mornings. Mr. Chamber (Messrs. Binny and Co.,) for example points out the great service rendered to his workmen by the Dispensary at Arle-pet. Moreover, we are in all probability not done with plague yet, and these dispensaries serve as useful centres for the de-tection of cases and their treatment. I hope therefore that their abolition will not be thought of for the present at any

I think a dispensary at Mavally would be rather a luxury.

I have the honor to be,
